CEO before transport
CHECKED BY

THE BUNDEENA shipping container house is one of many two-storey homes built around Australia to what we call BASE stage. These clients want to build their own container home but need the fundamentals done by Container Build Group.

We still offer the architectural plans, engineering plans and energy assessment, then make all the custom modifications to the containers for window and door cutouts, including all reinforcing. All checked by CEO Jamie van Tongeren prior to transport.

BUILT IN AUSTRALIA

Factory-built at our South Lismore NSW workshop and delivered to your site.

Delivery Australia-wide, quoted to your site
