20FT high cube	Twin electric actuators	Up to 400 kg/m²
BASE	SIDE PANEL	RATING

The Expo container is built from a 20FT High cube container. Its full tilt-up side panel is powered by twin electric actuators for effortless setup, and a retractable track light system in the awning and main area keeps the space well lit.

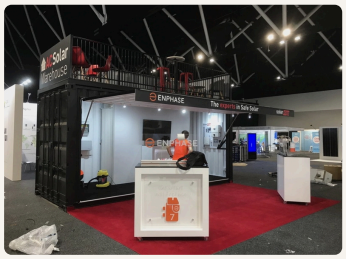

An internal staircase and handrail give access to the top storey, secured by a gas strut-assisted Colorbond custom hatch. Full engineering compliance for a commercial rating of up to 400 kg per m².
