Three
LEVELS

Concept to handover
SCOPE

Port of Brisbane QLD
LOCATION

We completed the first three-level supercontainer building at the Port of Brisbane's major expansion project. It was fully designed, engineered and constructed by us, from the structural framework right through to final installation and compliance.

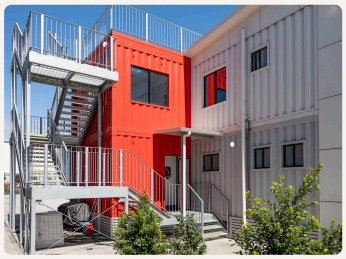

From concept to handover we handled every detail for strength, functionality and full regulatory compliance. It is the first of many, proving our capability to deliver complex, multi-level facilities for a growing trade hub.

BUILT IN AUSTRALIA

Factory-built at our South Lismore NSW workshop and delivered to your site.

Delivery Australia-wide, quoted to your site
