Our high cube 40ft container cabin is split into four private bedrooms, a solution for remote campsites that prioritise comfortable sleeping and privacy. More sleeping cabins can be added as needed.

Each separate-access bedroom fits a single bed or bunk, a sitting bench and a small wardrobe, with a large aluminium-framed sliding window and a door. Cabins are fully insulated, run off a small generator or an optional plug-and-go RPC off-grid solar unit, and often assemble on site in a couple of hours.
