CONTAINERS

Any stage

BUILD STAGE

The SCH series is a set of concept designs showing what is possible when shipping containers are used for the entire build. All homes are custom built, and full specifications are set by your preferences and budget.

We can build to any stage of your project: the full home start to finish, or all the container steelwork prefabricated so you can finish it yourself. We offer plans, engineering, soil testing and energy assessment across our entire range, including custom builds.

BUILT IN AUSTRALIA

Factory-built at our South Lismore NSW workshop and delivered to your site.

Delivery Australia-wide, quoted to your site
