Introducing the Stingray Cabin, a transformation of our 20FT Granny Cabin, elevated to new heights. With a footprint of 6m × 2.4m (14.4 m²), it expands to approximately 40 m² with its drop-down decks.

Transportable on a single truck, the cabin is delivered with balconies lowering into place onsite. Crafted for rural open-plan living, where skilled trades are rare and often expensive, the Stingray is a pre-built solution with double-sided decks, ideal as a site office, art studio, home office, parent/teenage retreat, farm stay or pop-up office.
