DECK

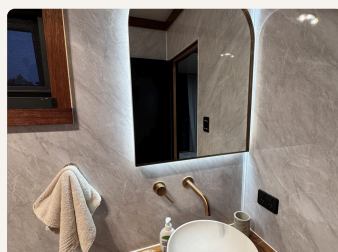

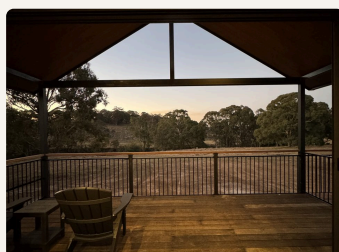

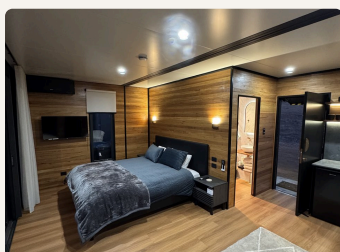

This striking studio cabin is built from two 20-foot high cube shipping containers, seamlessly joined to create a spacious, modern living space. Floor-to-ceiling glass panels wrap the structure, flooding the interior with natural light while offering panoramic views.

A 33-degree pitched roof with a fully insulated system and warm wood grain underside adds architectural elegance and energy efficiency. A retractable deck extends the living area outdoors. Stay at Boulder Ridge, Tenterfield via Airbnb, and if you proceed with a CBG build we will refund your total stay amount.
