SCOPE

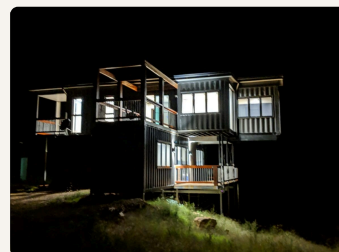

The Bindera is a custom residential build for a private client in Binjoura, Queensland. The brief was high end and one of a kind, with the container exteriors left on show: 4 bedrooms, 2.5 bathrooms and full off-grid capability.

Container Build Group designed and built The Bindera. The modules were fabricated at our South Lismore factory, then transported to site: the same factory-first approach we use for homes across Australia.

BUILT IN AUSTRALIA
