ON SITE

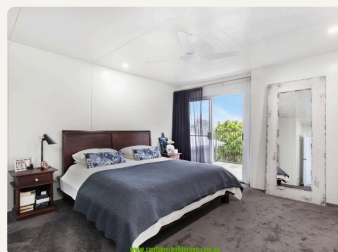

The Cronulla container home was completed in Sydney, built from 8 × 20ft and 3 × 40ft shipping containers joined together to make a two-storey family home, with a garage and office matching the bold home behind.

It has 3 bedrooms, 4 bathrooms and a separate office attached to the garage which could make a 4th bedroom. The containers were fully completed in the factory; from arrival to completion, including landscaping, took only 6 weeks.
